GOVT. WOMEN'S COLLEGE, SAMBALPUR

Established 1959, NAAC 2nd Cycle Accreditation 'B' (2.82)

From the Principal's Desk...

Govt. Women's College is the premier institution of Western Odisha. News Bulletin is the mirror of the College. It reflects curricular and extra-curricular activities of the students and teachers in a nutshell. The present pandemic situation poses challenges before us. I am satisfied with our faculties coming forward in devising solutions when classes ceased to continue as before. We have adopted blended mode of teaching which is both through online mode and offline mode, that is classroom teaching. However we always reached out to our students through alternate modes using technology. The whole academic process has been made flexible to cope up with the aspiration of students. Nevertheless we conducted a number of webinars, group discussions, lecture series with experts sitting in different corners of the globe. Students have brought laurels and glorified this reputed institution. All my disciplined teachers have extended their hearty cooperation and timely suggestion to bring out the bulletin in new form and style. So I convey hearty greetings to all the teachers, students and members of staff on the auspicious occasion of the publication of the News Bulletin.
