### *From the Principal's Desk...*

Students get admission to Delhi University under ECA (Extra-curricular Activity) quota. ECA categories include NCC, NSS and cultural activities like Creative writing, Dance, Debate, Vocal, Instrumental, Theatre, Quiz, Fine Arts, Digital Media, Photography, animation, film making etc. This shows how much importance is given to Extra-curricular activities in one of the best universities of our country. It is a dream for all students to pursue their higher education in DU. Students are expected to devote at least three hours every day if they have taken admission under ECA category. But in most of other universities and Colleges, students are interested only in academics. As a result they turn out to be bookworms, develop a truncated vision of life and society. Aim of education is the overall development of personality. Students, those who put all emphasis on academics and show no interest in ECA, are deprived of 'Complete Education'. That's why, we in our college encourage our students to actively take part in all sorts of Extra-curricular activities. Our students excel not only in academics but also games, sports, literary activities, debates, dramatics, NCC in College, inter-college, state and National level. This News Bulletin gives a microscopic view of the activities (both curricular and extra-curricular) that took place in our college during the academic session 2016-17.
