News Bulletin

For the session 2018-2019

GOVT. WOMEN'S COLLEGE, SAMBALPUR

Established 1959, NAAC 2nd Cycle Accreditation 'B' (2.82)

From the Principal's Desk...

Education is the process of facilitating learning or acquisition of skills, knowledge, values, beliefs and habits. It aims at making the learner productive citizens and to sustain themselves along with pushing the human race forward in areas of equality, equity and harmony. It also lays stress on the total personality development and managerial skills in them to meet their needs. The News Bulletin of the institution is the replica of the activities – scholastic and non scholastic which are carried out in the college through out an academic year. I am happy as well as proud of my students along with the staff members who involve themselves in the different activities to the fullest extent and make it success all the time. Besides I owe my earnest sincerity to the experts and people from different walks of life who extended their support and cooperation for all round development of the students as a whole. Also I am thankful to the organisations and authority for conducting various useful sessions in the interest of the institution and students in particular. I wish the News Bulletin will serve its purpose true to the words in future.
